

Abstract Guidelines

In order to standardize the abstract layout, we kindly ask you to read the guidelines carefully.

1. Abstracts can only be submitted **online and in PDF format**. Abstracts submitted via email will not be accepted.
2. **Abstract deadline is Monday, August 16, 2021.**
3. Abstracts must be submitted in English or German, presentations of accepted abstracts may be held in English or German.
4. Please make sure that name, **email** and postal address of corresponding author are complete and correct.
5. Please structure your abstract using the following headings for original scientific work
 - **Introduction/Purpose**
 - **Method**
 - **Results**
 - **Conclusion**
6. The abstract text may not be longer **than 300 words** (including spaces, excluding authors' names and title).
7. There is no limit to the number of abstracts an investigator may submit. Investigators should not submit the same research.
8. Wherever possible, do not list authors with initials only. For each author the institution and – if possible – the working group should be declared.
9. Do not use abbreviations in the title.
10. Tables, charts and other graphics are encouraged.
11. Abstracts will be subject to peer review.
12. Eligibility for presentation will be decided on by the scientific committee based on the quality of the abstracts submitted.
13. Authors will be informed **early September 2021 by email** on the decision of the scientific committee (please make sure to state your correct email address). Detailed information on presentation mode will be mailed directly to authors of accepted abstracts. Submission of an abstract constitutes a commitment by the author(s) to present virtually if accepted. Submission of an abstract constitutes agreement with publication of the abstract if accepted. The presenting author should be the submitting author.
14. Presenting authors of accepted abstracts **must register for the conference (free of charge)**.

Abstract Prizes

The best three abstracts will be awarded.
